

Université de Haute-Alsace
Mulhouse
15-17 May 2023

Together with our German and Swiss colleagues, we have the great pleasure to invite you to the first edition of the :

France/Switzerland/Germany Conference on Photochemistry, Photophysics and Photosciences CP2P'23

The conference CP2P'23 will bring together senior scientists and young researchers from France, Switzerland and Germany to meet and exchange, in a friendly atmosphere, on the following topics :

- Computational Photochemistry
- Molecular & Organic Photochemistry
- Fundamental Photosciences
- Light-Energy Conversion & Photocatalysis
- Photochemistry at the Nanoscale
- New Spectroscopic Tools & Techniques
- Photopolymerization, New Functional Materials & Photochemical Applications

Scientific committee:

Julien Boixel, CNRS, Université de Rennes 1
Jérôme Chauvin, Université Grenoble Alpes
Stefan Haacke, Université de Strasbourg
Karine Loubière, CNRS, Université de Toulouse
Nathan McClenaghan, CNRS, Université Bordeaux
Rémi Métivier, CNRS, ENS Paris-Saclay
Michael Oelgemöller, Fresenius Univ. of Applied Science
Zbigniew L. Pianowski, Karlsruhe Institute of Technology
Sabine Richert, University of Freiburg
Michel Sliwa, CNRS, Université de Lille
Olivier Soppera, CNRS, Université de Haute-Alsace
Anne Zehnacker, CNRS, Université Paris-Saclay
Oliver Wenger, University of Basel

Save the date :

15-17 May 2023

More information soon
