## Call for Applications Conference Scholarship 2022 Occitanie-Pyrénées Section of the French Chemical Society

In order to encourage young, local chemists, to represent the scientific contributions of the Occitanie-Pyrénées region, the regional office of the French Chemical Society (SCF) launches a call for applications named « Conference Scholarship ». The funding is entitled to partially cover the travel or accommodation of a national (up to 150 euros, preferentially under the aegis of the SCF) or international (up to 250 euros) conference taking place until 31 December 2022.

All PhD students and postdoctoral researchers who wish to present their ongoing work, are eligible (under contract and with a valid SCF membership at the moment of the application).

The members of the regional office will examine and judge the applications (maximum one application per person).

Each application should contain:

- A CV, precising the SCF membership number of the applicant
- Presentation of the conference, indicating the place, the date and the inscription fee
- The submitted abstract with references
- A motivational letter, explaining the interest in the conference
- A short recommendation from the supervisor

The applications can be submitted on a rolling basis until June 1, 2022 for the spring/summer conferences and until the October 1, 2022 for the autumn conferences. The applications should be submitted to the following address:

**[bureau-occitanie-pyrenees@societechimiquedefrance.fr](mailto:bureau-occitanie-pyrenees@societechimiquedefrance.fr)**

**under a single pdf format**

A short report\* will be asked from each applicant after the conference, that will be published in the upcoming Newsletter of the Occitanie-Pyrénées section.

Thank you for distributing this announcement around you,

**The Office of the Occitanie-Pyrénées Section**
