“For 25 years, EurJIC has showcased an amazing variety of topics and vibrant research in inorganic chemistry worldwide. It is a privilege to work with my colleagues in the Editorial Board and the engaged EurJIC editorial staff in the goal of bringing to the readers the best of inorganic chemistry.”

*Prof. Ana Albéniz, Universidad de Valladolid, Spain.
Editorial Board Chair*

Submit your paper

We invite you to submit your exceptional and innovative studies across the whole spectrum of inorganic, organometallic, bioinorganic, solid-state and inorganic materials chemistry.

Our top cited articles in 2022:

Synthetic Applications of Sulfonium Salts

*by S. I. Kozhushkov
and M. Alcarazo*

Element-Ligand Cooperativity with p-Block Elements

*by L. Greb, F. Ebner, Y. Ginzburg
and L. M. Sigmund*

Small Molecule Activation by Two-Coordinate Acyclic Silylenes

by S. Fujimori and S. Inoue
