The Slovak Chemical Society (SChemS)

- A voluntary scientific society uniting Slovak experts in the field of chemistry
 - founded in **1929** and currently unites around 800 chemists and workers in related fields
 - SChemS is a member of many international associations (IUPAC, EuChemS, ECTNA, ChemSocPub)
 - includes the SChemS [Youth Forum](#) founded in 2018, cooperating with foreign networks of young chemists, especially the European Young Chemists' Network (EYCN) and the International Younger Chemists Network (IYCN), etc.
- The pillars of the activities of the SChemS:
 - **Congresses of Czech-Slovak Chemical Societies** (Zjazdy chemikov)
 - ChemZi magazine
 - Series of lectures Chemical horizons
 - Activities of SChemS Professional Groups (29 PGs in 5 cities)
 - Membership in international organizations: EuChemS , IUPAC and Chemistry Europe
